III. Functionality and Purpose of each page

1. Signup

HOLY ANGEL UNIVERSITY

The Sign-Up Page of Cush Lounge is designed to welcome new users and encourage membership registration through a straightforward and well-organized form. The design continues the same visual consistency, pairing the cozy café background with a smooth form interface, establishing an inviting atmosphere for first-time visitors.

Functionality:

- **Registration Form:** Includes multiple input fields such as Full Name, Contact Information, Gender, Address, Date of Birth, and Password, ensuring complete and secure member data collection.
- **Reset Button:** Allows users to easily clear all fields if they wish to start over.
- **Create Account Button:** The “Create Account” button submits the form for account creation, giving users access to member features such as booking and exclusive offers.
- **Login Redirect Link:** For users who already have an account, a “Already a member? Log in” link provides quick navigation back to the login page.

2. Login

The Login Page of Cush Lounge provides returning members with secure and convenient access to their accounts. The layout maintains the brand’s aesthetic by combining a modern coffee lounge ambiance with a minimalist and clean form design. Positioned beside a warm and inviting café interior, the login panel reflects the cozy and welcoming identity of Cush Lounge.

Functionality:

- **User Authentication Form:** Contains fields for entering the Username and Password, allowing registered users to securely log in to their accounts.
- **Reset Button:** Enables users to clear their input fields instantly for easier correction or re-entry.
- **Call-to-Action Button:** The “Log In” button directs users into their member dashboard or homepage after successful authentication.
- **Sign-Up Redirect Link:** For new visitors, a “Create an account? Sign up” link is provided, leading them seamlessly to the registration page.

HOLY ANGEL UNIVERSITY

3. Landing Page (Home Page)

The Landing page for Cush Lounge serves as a focused entry point, immediately introducing visitors to the brand and setting the tone for the overall experience. Since it is the first impression of the coffee shop in the digital space, its main purpose is to capture attention and convey the atmosphere, values, and identity of Cush Lounge clearly and compellingly.

Functionality:

- **Navigation Bar:** Located at the top, users can easily access essential pages, including "Our Cafe," "Menu," "Membership," "Booking," and "Sign Up," facilitating smooth navigation throughout the site.
- **Visual Display Section:** The featured images at the top serve as promotional highlights, showcasing the ambiance and offerings of Cush Lounge to immediately attract customer interest.
- **Call-to-Action Buttons:** Prominent buttons such as "Avail for Reservation" and "Avail for Membership" encourage users to take immediate action, enhancing engagement and conversion.
- **Footer Links and Contact Details:** The footer provides quick access to social media platforms, physical location, phone number, and email, ensuring users can easily connect with the business across different channels.

4. Featured Page

The Feature Page's goal is to spotlight Cush Lounge's atmosphere, specialty drinks, and premium membership choices in order to emphasize what makes it distinctive. Through obvious call-to-action sections, it seeks to educate visitors about the experience and advantages they can take advantage of while also enticing them to continue participating.

Functionality:

- **Membership Feature:** Dedicated sections for Gold and Black Memberships clearly outline perks and inclusions, helping users compare and understand the value of each tier.
- **Comparison Table:** A side-by-side comparison of Gold vs. Black memberships helps users evaluate benefits quickly and make informed decisions.
- **Product Showcase (Specialty Drinks):** The visual lineup of beverages allows users to get an instant view of the café's signature drinks, enhancing appetite appeal and promoting featured items.

HOLY ANGEL UNIVERSITY

- **Social Media and Location:** Provides direct access to social media platforms and contact information, while displaying the café's physical location at 2F, Brgy. MC PLACE, Angeles, 2009, Pampanga, to guide customers for on-site visits.

5. Product List Page

Product List Page showcases the available membership cards, highlighting their exclusive perks for easy comparison. It also includes an integrated application form where users can enter their details and choose their preferred payment method, allowing them to complete their membership registration in one seamless interaction.

Functionality:

- **Membership Product Display:** Shows both Gold and Black Membership Cards with their respective benefits for easy comparison.
- **Search Bar:** Allows users to quickly search or filter membership-related content if additional products are added in the future.
- **Membership Application Form:** Collects user information such as name, contact details, address, and birthday for registration.
- **Card Selection Dropdown:** Let users choose which membership card they want to apply for directly from the form.
- **Payment Method Selection:** Provides options for users to choose between pickup or delivery (with an additional fee).
- **Submit Button ("Apply for Membership"):** Finalizes the application process and sends the user's details for processing.

6. Booking Page

This Booking Page allows customers to simply reserve their favorite workspace or seating option by specifying their schedule, number of guests, and kind of booking. By merging

HOLY ANGEL UNIVERSITY

personal information, reservation preferences, and special requests into a single form, the booking process is streamlined and enables a smooth transition from planning to confirmation.

Functionality:

- **Reservation Form:** Allows users to input their personal details, such as name, phone number, and email, for booking identification.
- **Booking Schedule Selection:** Users can choose their preferred date, time, and number of guests to secure a specific reservation slot.
- **Type of Booking Options:** Provides multiple booking categories like Regular Table, Private Room, Workshop, or Event Space to accommodate different needs.
- **Special Request Field:** Let users include additional notes such as event themes, seating preferences, or setup instructions.
- **Operating Hours Display:** Shows available business hours for both weekdays and weekends, helping users plan their visit accordingly.

7. Contact Us Page

This page serves as a direct communication channel between customers and Cush Lounge, making it easy for users to send inquiries, locate the café, or reach out through phone, email, or social media.

Functionality:

- **Contact Form:** Allows users to input their name, email, phone number, and message to send inquiries or feedback directly.
- **Interactive Map Display:** Shows the exact location of Cush Lounge to help users navigate or plan their visit.
- **Quick Contact Buttons:** Provides direct access to call, email, or reach the café through social media platforms. Once the user clicks one of the social media icons, the chosen icon will show posts to the user and a button that will direct the user to the social media page of the cafe, depending on whether it's Facebook, Instagram, or TikTok. For email, the system will send a message to the email of user.
- **Footer with Location and Contact Details:** Repeats essential information such as address (2F, Brgy. MC PLACE, Angeles, 2009, Pampanga) and communication channels for easy accessibility.

HOLY ANGEL UNIVERSITY

API Integration

8. Product List Information

This page serves as the **Product List Page** of Cush Lounge Café, showcasing the available membership options offered to customers. It highlights both the **Gold** and **Black Membership Cards**, each with its respective benefits and exclusive privileges. The page also includes a membership form that allows users to inquire, apply, or select a specific membership plan based on their preference.

Functionality:

- Display section featuring the following details of each membership card:
 - Membership Name (Gold Member Card / Black Member Card)
 - Description of membership perks and privileges
 - Visual representation of each card design
- Membership Card Form that allows users to:
 - Input personal details such as **Name, Phone Number, Email, Address**, and **Birthday**
 - Select **Type of Card to Inquire** (Gold or Black)
 - Choose **Payment Method**
 - Apply by clicking the **Apply for Membership** button
- The page layout also includes:
 - A **search bar mockup** for easy navigation and filtering of membership options
 - **Footer section** with contact details, social media links, and café location information

9. Customer Information

This page is where the Admin can view, organize, and manage customer profiles. It displays the customer's full name, email, phone number, and membership status.

HOLY ANGEL UNIVERSITY

Functionality:

- Customer table with a list of the following details
 - **Full name**
 - **Email**
 - **Contact Number**
 - **Membership Status**

Contact Us Messages

This page serves as the communication hub for Cush Lounge Cafe, which allows admin and staff members to view and manage conversations with clients. Once the button is clicked, the message will appear on the screen with the following details: full name of the customer, email, contact number, date submitted by the customer, and the message itself.

Functionality:

- A customer table with a list of the following details, and a button on the right to see the message of the customer.
 - **Full name**
 - **Email**
 - **Contact Number**
 - **See the message button.**
- The message box includes the following details:
 - Full name
 - Email
 - Contact Number
 - Message
- The delete button deletes the message.
- The reply button allows the admin or staff to send a reply to the customer.

Google Map API

This section helps customers locate the cafe easily. Social media icons are also placed below the Google Map to enhance accessibility and brand visibility, allowing customers to reach out to its social media platforms.

Functionality:

- Google Map
 - Display the cafe's physical location.
 - Pin pointed at the exact location of the cafe for easy navigation.
